

April - a  
promise May  
is bound  
to keep

*Bluffton in April 2017*

**I**t's mid-April. Let's cruise Bluffton. In our quick trip you'll notice lots of reds, pinks, and in-between shades as trees put on their spring robes. In a few weeks lots more blooming things will catch our attention. We'll watch for those, too. And, until May comes, here's Bluffton in its favorite April colors. We'll start in the middle school front lawn with this photo.
