

"If anyone has material possessions and sees his brother in need but has no pity on him, how can the love of God be in him? Dear children, let us not love with words or tongue but with actions and in truth."

- 1 John 3:17-18

## Why We Ride

We ride not just to get to our next stop, but to have the opportunity to change lives and have an impact on someone in need of a "hand up."

During the ride, our cyclists will take days off from riding to work on different Fuller Center projects across the country. Working alongside homeowners, riders get to see first-hand what The Fuller Center is about and to directly impact the life of someone in need. These build days are truly what make these rides a life-changing experience.

With more than a billion people living in substandard housing worldwide, somebody needs to do something. The Fuller Center empowers you to be that "somebody"!

### Summer Segments:

Nashville, TN to Jackson, MS

Total trip distance: 400 miles  
Averages 65 miles / day  
Dates: March 14-23, 2014  
Fully supported

"I could never have imagined how *wonderful* this *experience* would be nor how many *wonderful people* I would come in contact with... This experience is so much more than pushing yourself *beyond* what you think is *possible*. The realization that this life is not only about me but about *helping* those who are *less fortunate* than ourselves.

Will I do another ride? You bet!!!!"  
— Debbie Bennett, FCBA '13
