"(I) came to Transition to Home Rehab from Cleveland Clinic after having a heart valve replacement. The staff has done a great job. I could walk maybe 100 yards at first. Today I walked and climbed three flights of stairs. I can now walk in my room and in the hallway without help."

- Gerald (Jerry) Dearth
Transition to Home, Bluffton, Patient

MHCO offers a full continuum of care from independent living villas and apartments to assisted living, short-term rehab and long-term nursing care. We invite you to visit our communities to experience MHCO for yourself. Stop in or call us to set up a personal appointment with one of our team members.
