

A New Vision: Transforming Elder Living

The vision of bringing Green House homes to Mennonite Home Communities (MHCO) began in 2004 when then CEO Lynn Thomson and several staff visited the very first Green House homes in Tupelo, MS. The vision has been carried on by current CEO, Laura Voth and the MHCO board, staff, sponsoring churches, community members, local businesses, and organizations. Lender Citizens National Bank, Bluffton, pH7 Architects, Columbus, and Garlock Brothers Construction, Findlay, along with many sub-contractors have partnered with us to create the two homes we celebrate today; the first Green House homes in Ohio. Over \$1,842,000 has been donated in support of this project! We are grateful to the countless number of individuals who have partnered with us and guided us along the journey. We are especially grateful to Dr. Bill Thomas and The GREEN HOUSE® Project team which is committed to transforming elder care!

The following individuals have provided excellent leadership since 2004.

Board Members (*Currently Serving)
