

Bluffton Beautification Sponsor Invitation

The flowerpots on Bluffton's Main Street receive tremendous support from our community. People are always amazed when they find out how this program works. Thank YOU for making downtown Bluffton such a beautiful place to shop, eat and play.

Stratton Greenhouses is inviting businesses, groups, and individuals to become flowerpot sponsors in 2018. The cost this year is \$130 for each flowerpot and \$325 for the lamppost hayracks.

If you respond with your payment by March 24th, we will give you a discount, making it \$120 per pot for the 2018 season. After that date, the sponsorship will be \$130 each. We have tried to keep the cost down for the past few years. This sponsorship covers the cost of dirt, plants and fertilizers. Stratton Greenhouses has covered the cost of labor for watering the planters.

For the second year, Bluffton is participating in the national awards program, America in Bloom. This will be a great time to show off the opportunities we have right here in Bluffton, Ohio. We will be showcasing our cultural heritage, our environmental efforts, Bluffton's great parks and urban forestry, as well as our floral displays and landscape design.

This will be a chance to get involved in our community by volunteering. You will hear much more about this in the coming months.

Thank you,

Susie and Steve Stratton

Please detach and return with payment payable to:

Stratton Greenhouses
9915 Lincoln Hwy.
Bluffton, OH 45817
