

GREEN HOUSE LIVING

In November of 2012, MHCO will open two Green House homes on our Willow Ridge campus (Augsburger Road, west of Bluffton.) Each Green House home provides **licensed nursing care** for ten elders. Each elder will enjoy a private bedroom with full bath. A common hearth room is complete with fireplace and comfortable furniture. An open kitchen allows elders to watch and enjoy meals prepared in their presence. A front porch, back patio and large back yard provide opportunities to visit with neighbors and enjoy God's creation. Our Green House homes welcome elders who pay privately as well as those receiving Medicaid or Medicare assistance.

Thriving Together in a Household of Love

Green House homes are designed to look and feel like a real home, making it a place where elders want to live and their family members want to visit. Elders have the comfort of private rooms and a place for their personal items. Elders also decide their own meal times and choose the activities that make for a meaningful day. The family-like atmosphere of the common areas provides space to socialize and eat a home cooked meal. At the Green House homes, elders are the stars of the show. Together, the elder, their family members, the Shahbaz (care giver) and nurse facilitate an environment where all can thrive together in a household of love.

Our Mission:

We are dedicated to being a Christ-centered community that provides personal decision-making and purposeful living for each older adult served.

MHCO also provides Home Health and Senior Services, Mobile Meals, Independent Living duplexes and apartments, Assisted Living apartments, (including the Assisted Living Medicaid Waiver program), short-term Rehabilitation Services, and Nursing Care which is licensed for Medicaid and Medicare.
